Stronger Porcelain, Choose MODERNE
More Alumina, Stronger Porcelain

ENGINEERED, NOT JUST FIRED

Higher alumina content makes every piece harder to chip, harder to crack, and easier to trust — service after service.

Every moderne collection is built on the same reinforced porcelain body, so the design changes but the durability never does.

THE LINEUP

Find your table.

From sculptural texture to quiet minimalism — every collection is designed to work as hard as it looks good.

SCULPTURAL TEXTURE

Space Time

Fluted edges and soft curves give every plate a sense of quiet movement — dinnerware that feels alive on the table.

WARM MINIMALISM

Garingness

Rounded rims and a matte-soft glaze bring an easy warmth to breakfast, brunch, and everything after.

RADIANT DETAIL

Fragrance

Fine embossed lines radiate from the center of every piece, catching the light differently at every angle.

PRECISION TEXTURE

Rock

Tight, architectural ribbing gives Rock a structured, tailored look built for fine dining.

MODERN CLASSIC

Tower

Clean lines and a wide, confident rim make Tower equally at home in a bistro or a formal dining room.

EVERYDAY ELEGANCE

Mien

SCULPTED GEOMETRY

Astuteness

Faceted sides and a scalloped edge turn each piece into a small study in form — smart, considered, distinct.

BOTANICAL RELIEF

Floral

A gentle fluted bloom pattern brings softness to the table without ever feeling fussy.
